**B. PROPOSALS FOR 30 RESIDENTIAL DEGREE COLLEGES FOR GIRLS EXCLUSIVELY:-**

Out of the 134 institutions functioning under the aegis of the TSWREI Society, 116 institutions are upgraded having Intermediate sections in various groups. In intermediate the main courses offered are M.P.C., Bi.P.C, C.E.C., H.E.C. and a few other vocational courses in certain limited number of institutions. There are two sections comprising 40 students each in 1<sup>st</sup> year and 2<sup>nd</sup> year. Every year more than 9000 students pass out of the TSWREI Society junior colleges. The society has been conducting intensive coaching camps for EAMCET, IIT, Medical Entrance, CA-CPT and a number of various other examinations to enable the children to continue their further studies. Only a few number of students are entering reputed engineering colleges, IITs, and other prestigious universities and colleges. There are no degree colleges providing free education to economically poor children. The marginalized communities are compelled to force stop their wards further education as they can't afford the exorbitant expenses to be incurred in private degree colleges. This has serious repercussions on the lives of the downtrodden people especially the girl children who are becoming victims of early marriages, thus annulling the good work done by the TSWREI Society which took care of them till their Intermediate Education.

Thirty (30) degree colleges for Girls exclusively in fully residential pattern to be started with free accommodation, boarding and other amenities. TSWREI Society is proposing to start the colleges with 7 courses with each section comprising 40 students.
