World Environment Day

World Environment Day is celebrated in our college premises on 5th June and aims at raising awareness on importance of Environment in this living world. The theme for 2022 is "Solution to Plastic Pollution". The main threat to the present day of living world is Global Warming and Green House effect which are leading to the depletion of ozone layer. To create awareness among these facts, a college level gathering has taken place in which a total of 365 members participated including principal and faculty. Few students have elucidated about the knowledge on these emerging topics.
